Visualizing your space should never be a challenge.

How can one visual concept be realized across different budget levels—while maintaining the same overall appearance with a more moderate budget?

INNOGRAPH offers three solutions within a single visual design:

A. LARGE POSTER FABRIC PRINT

- **Fabric Display system with Silicone Edge Graphics (SEG)**

- **The printed fabric is sewn with a silicone edge. It is shipped neatly folded, saving space**

Aesthetic | Non-Illuminated | Smooth fabric texture

Experience the elegance of premium fabric without the need for lighting. A sophisticated, budget-friendly solution for high-impact wall graphics.

B. LARGE POSTER FABRIC BACKLITE LIGHTBOX

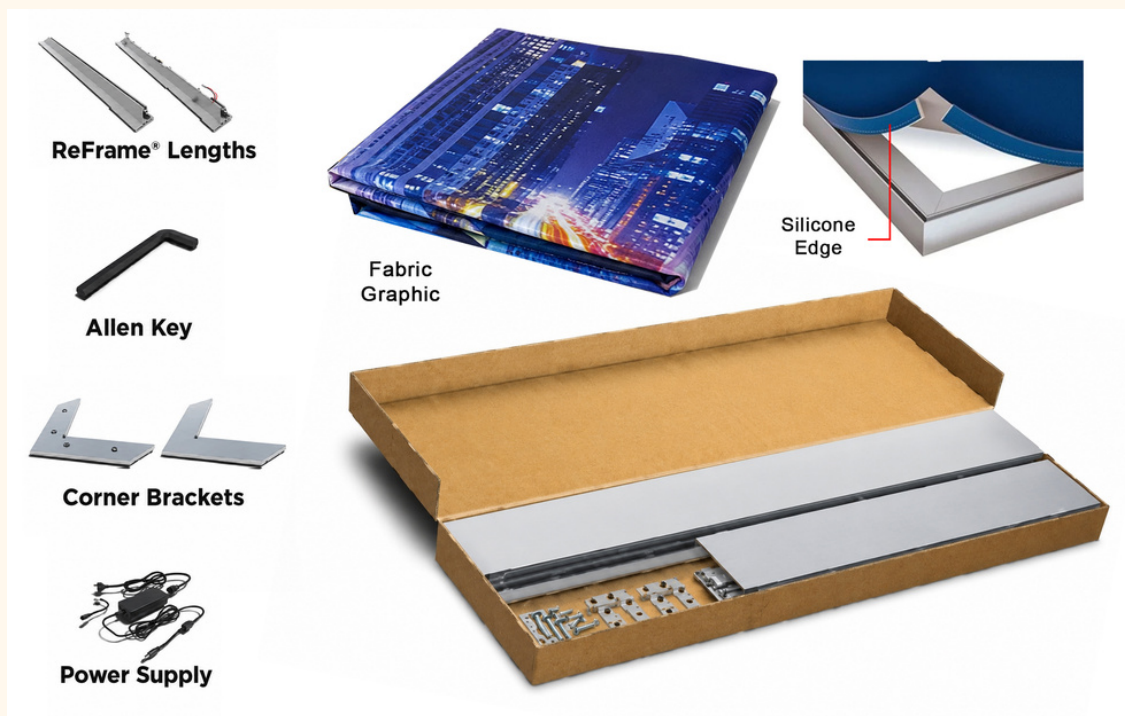

- **An aluminum frame lightbox featuring LED strip illumination and tension fabric graphics**

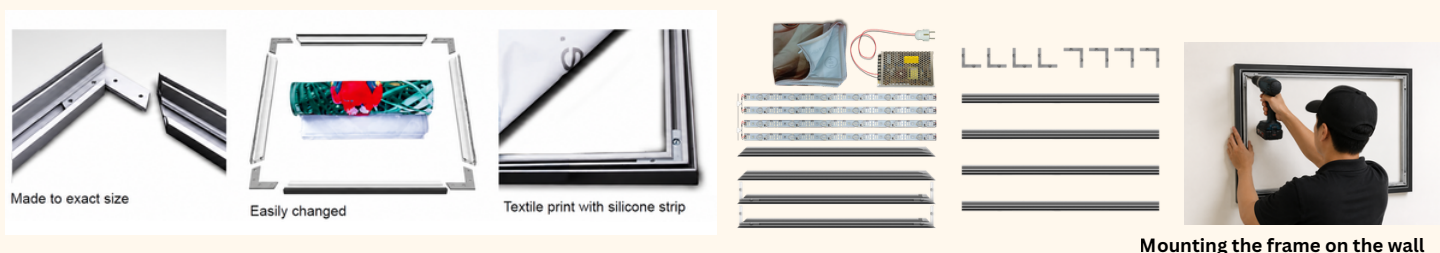

Bring Your Space to Life with Light

Our lightboxes feature ultra-fine fabric for elegant and seamless finish. Bezel-less, sleek, flicker-free LED lamp. Suits perfectly for lobby & retail.
